

Listabot

Track Tasks Across Multiple Projects.
Interactively Analyze Time Usage.
Generate Time Usage Reports.

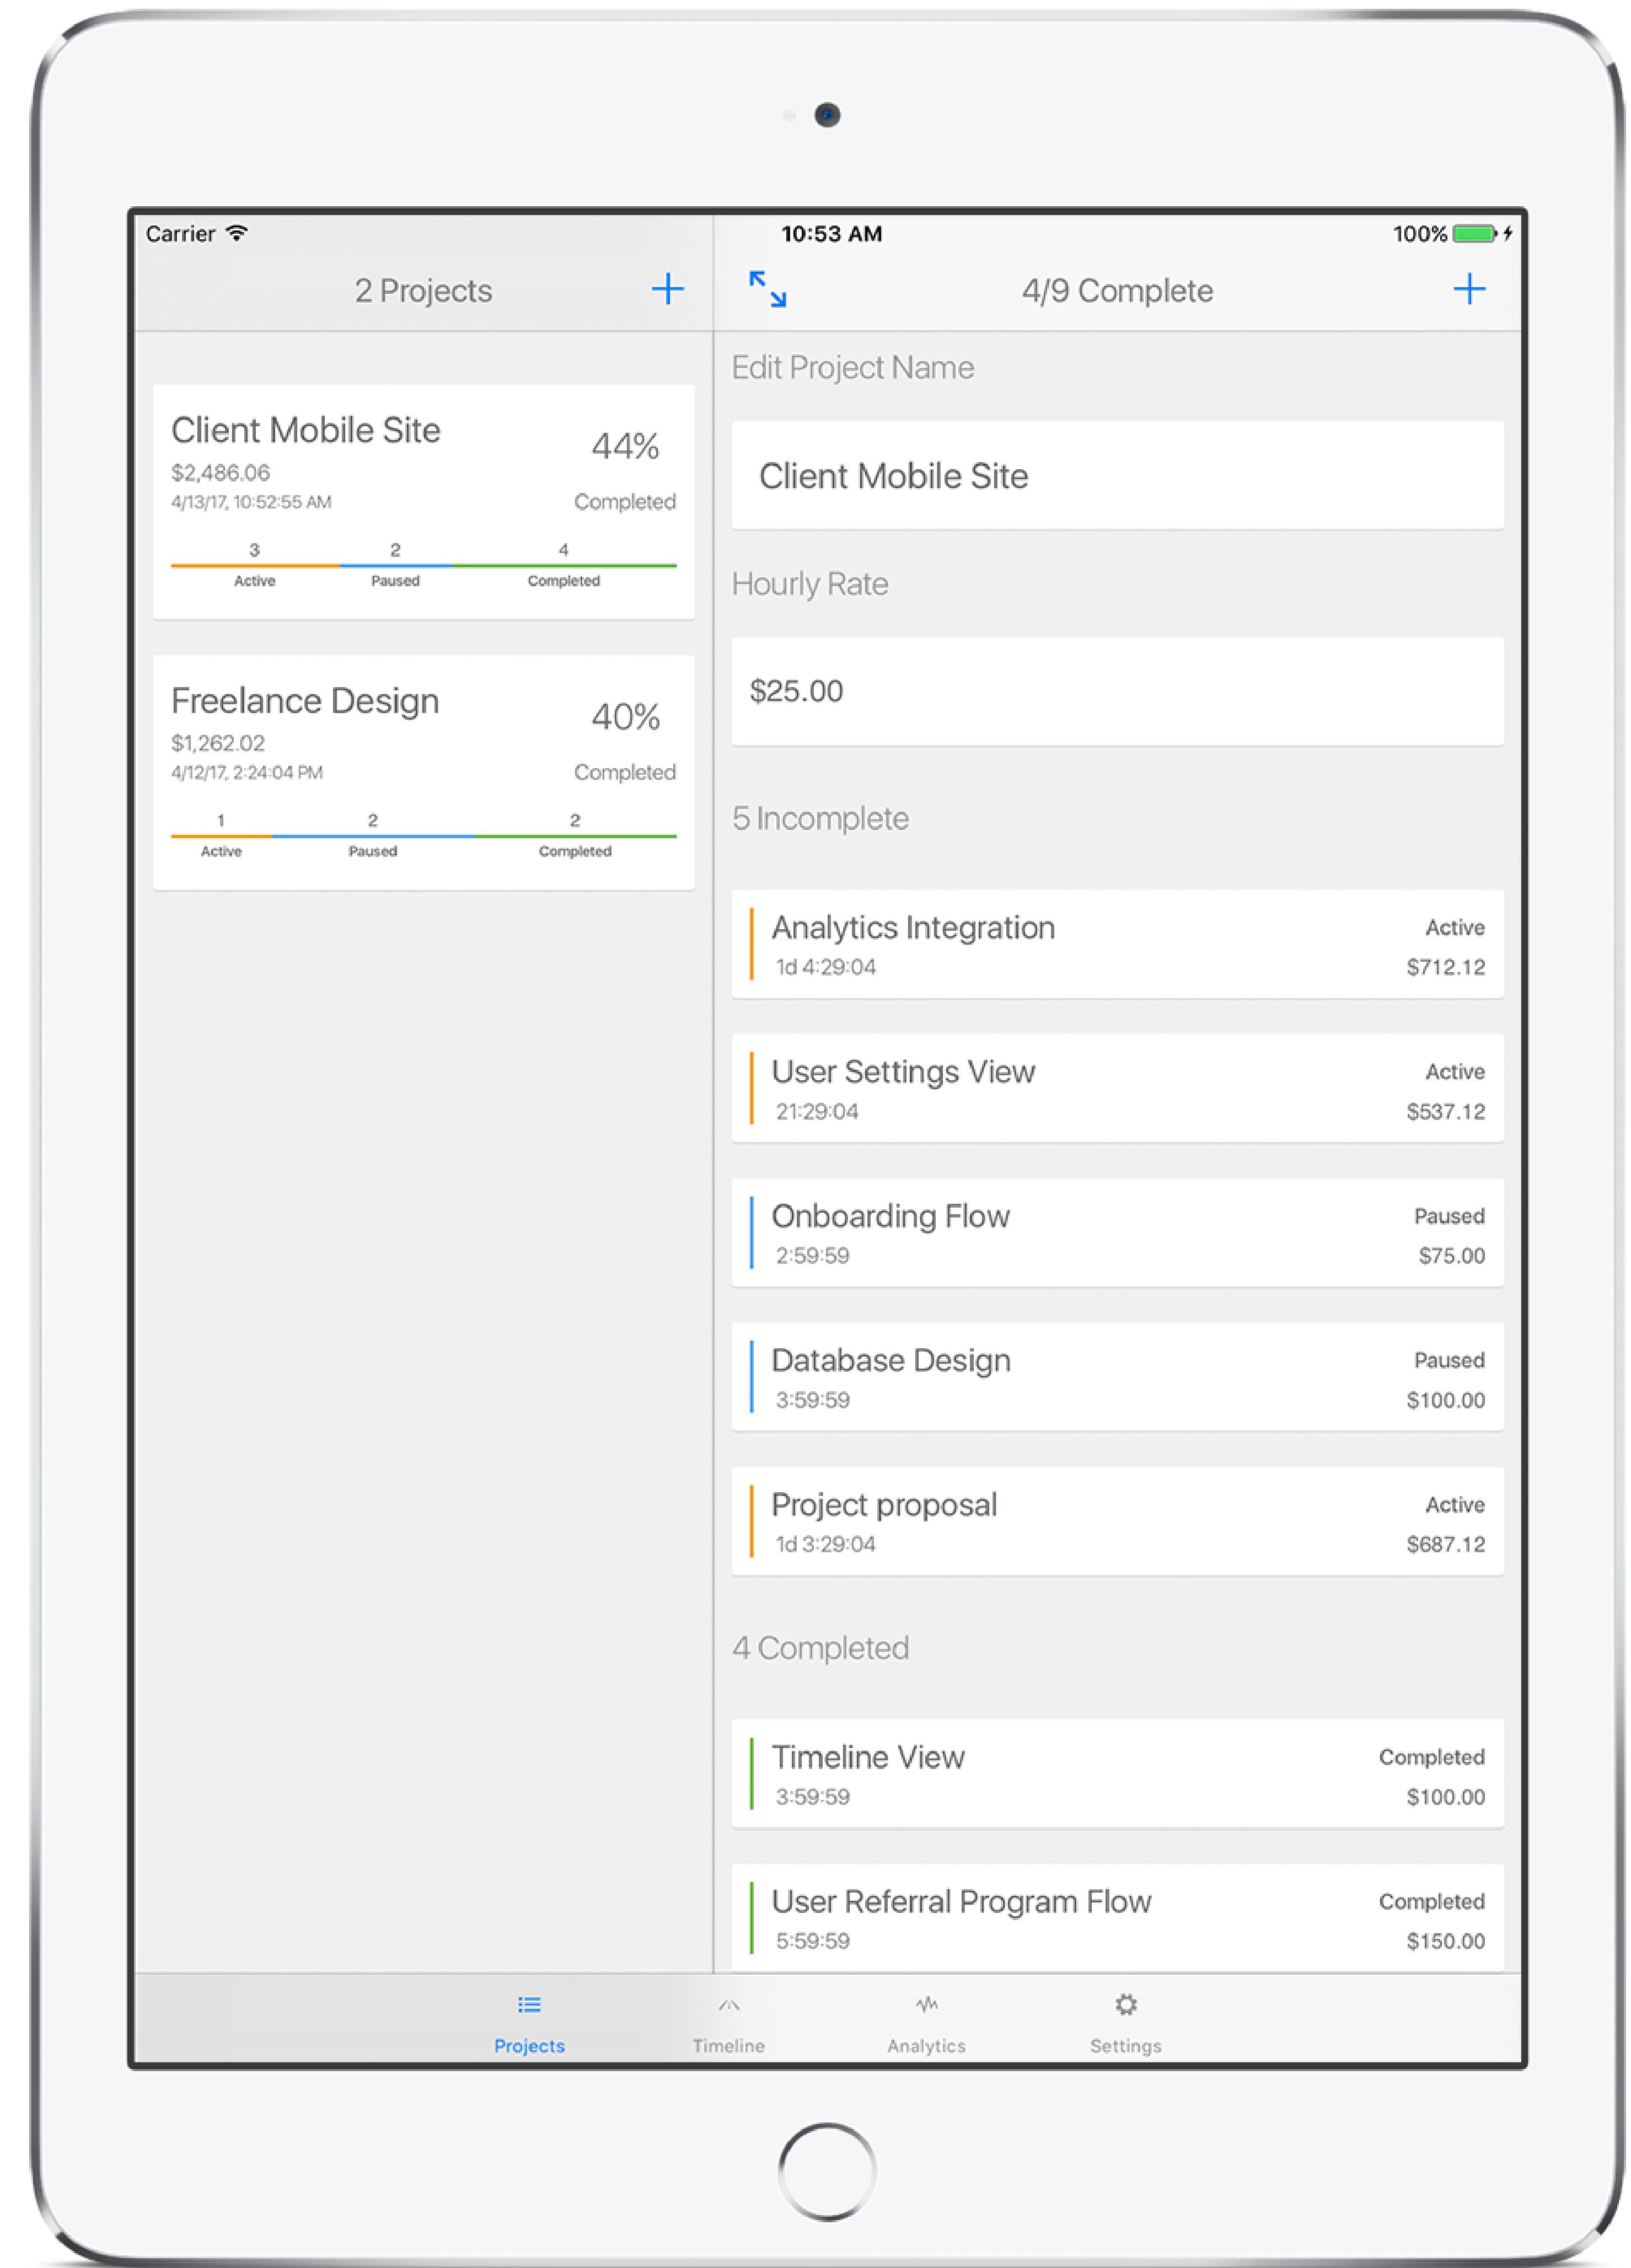

Setting Up Your Project

Project Overview >

Shows the percentage of completed tasks & current billable hours (if an hourly rate is set)

Status Timeline >

The timeline is the “pulse” of your project
It represents the statuses of each task

Swipe right to remove a project,
or tap the project to modify settings or view task browser

< Add New Task

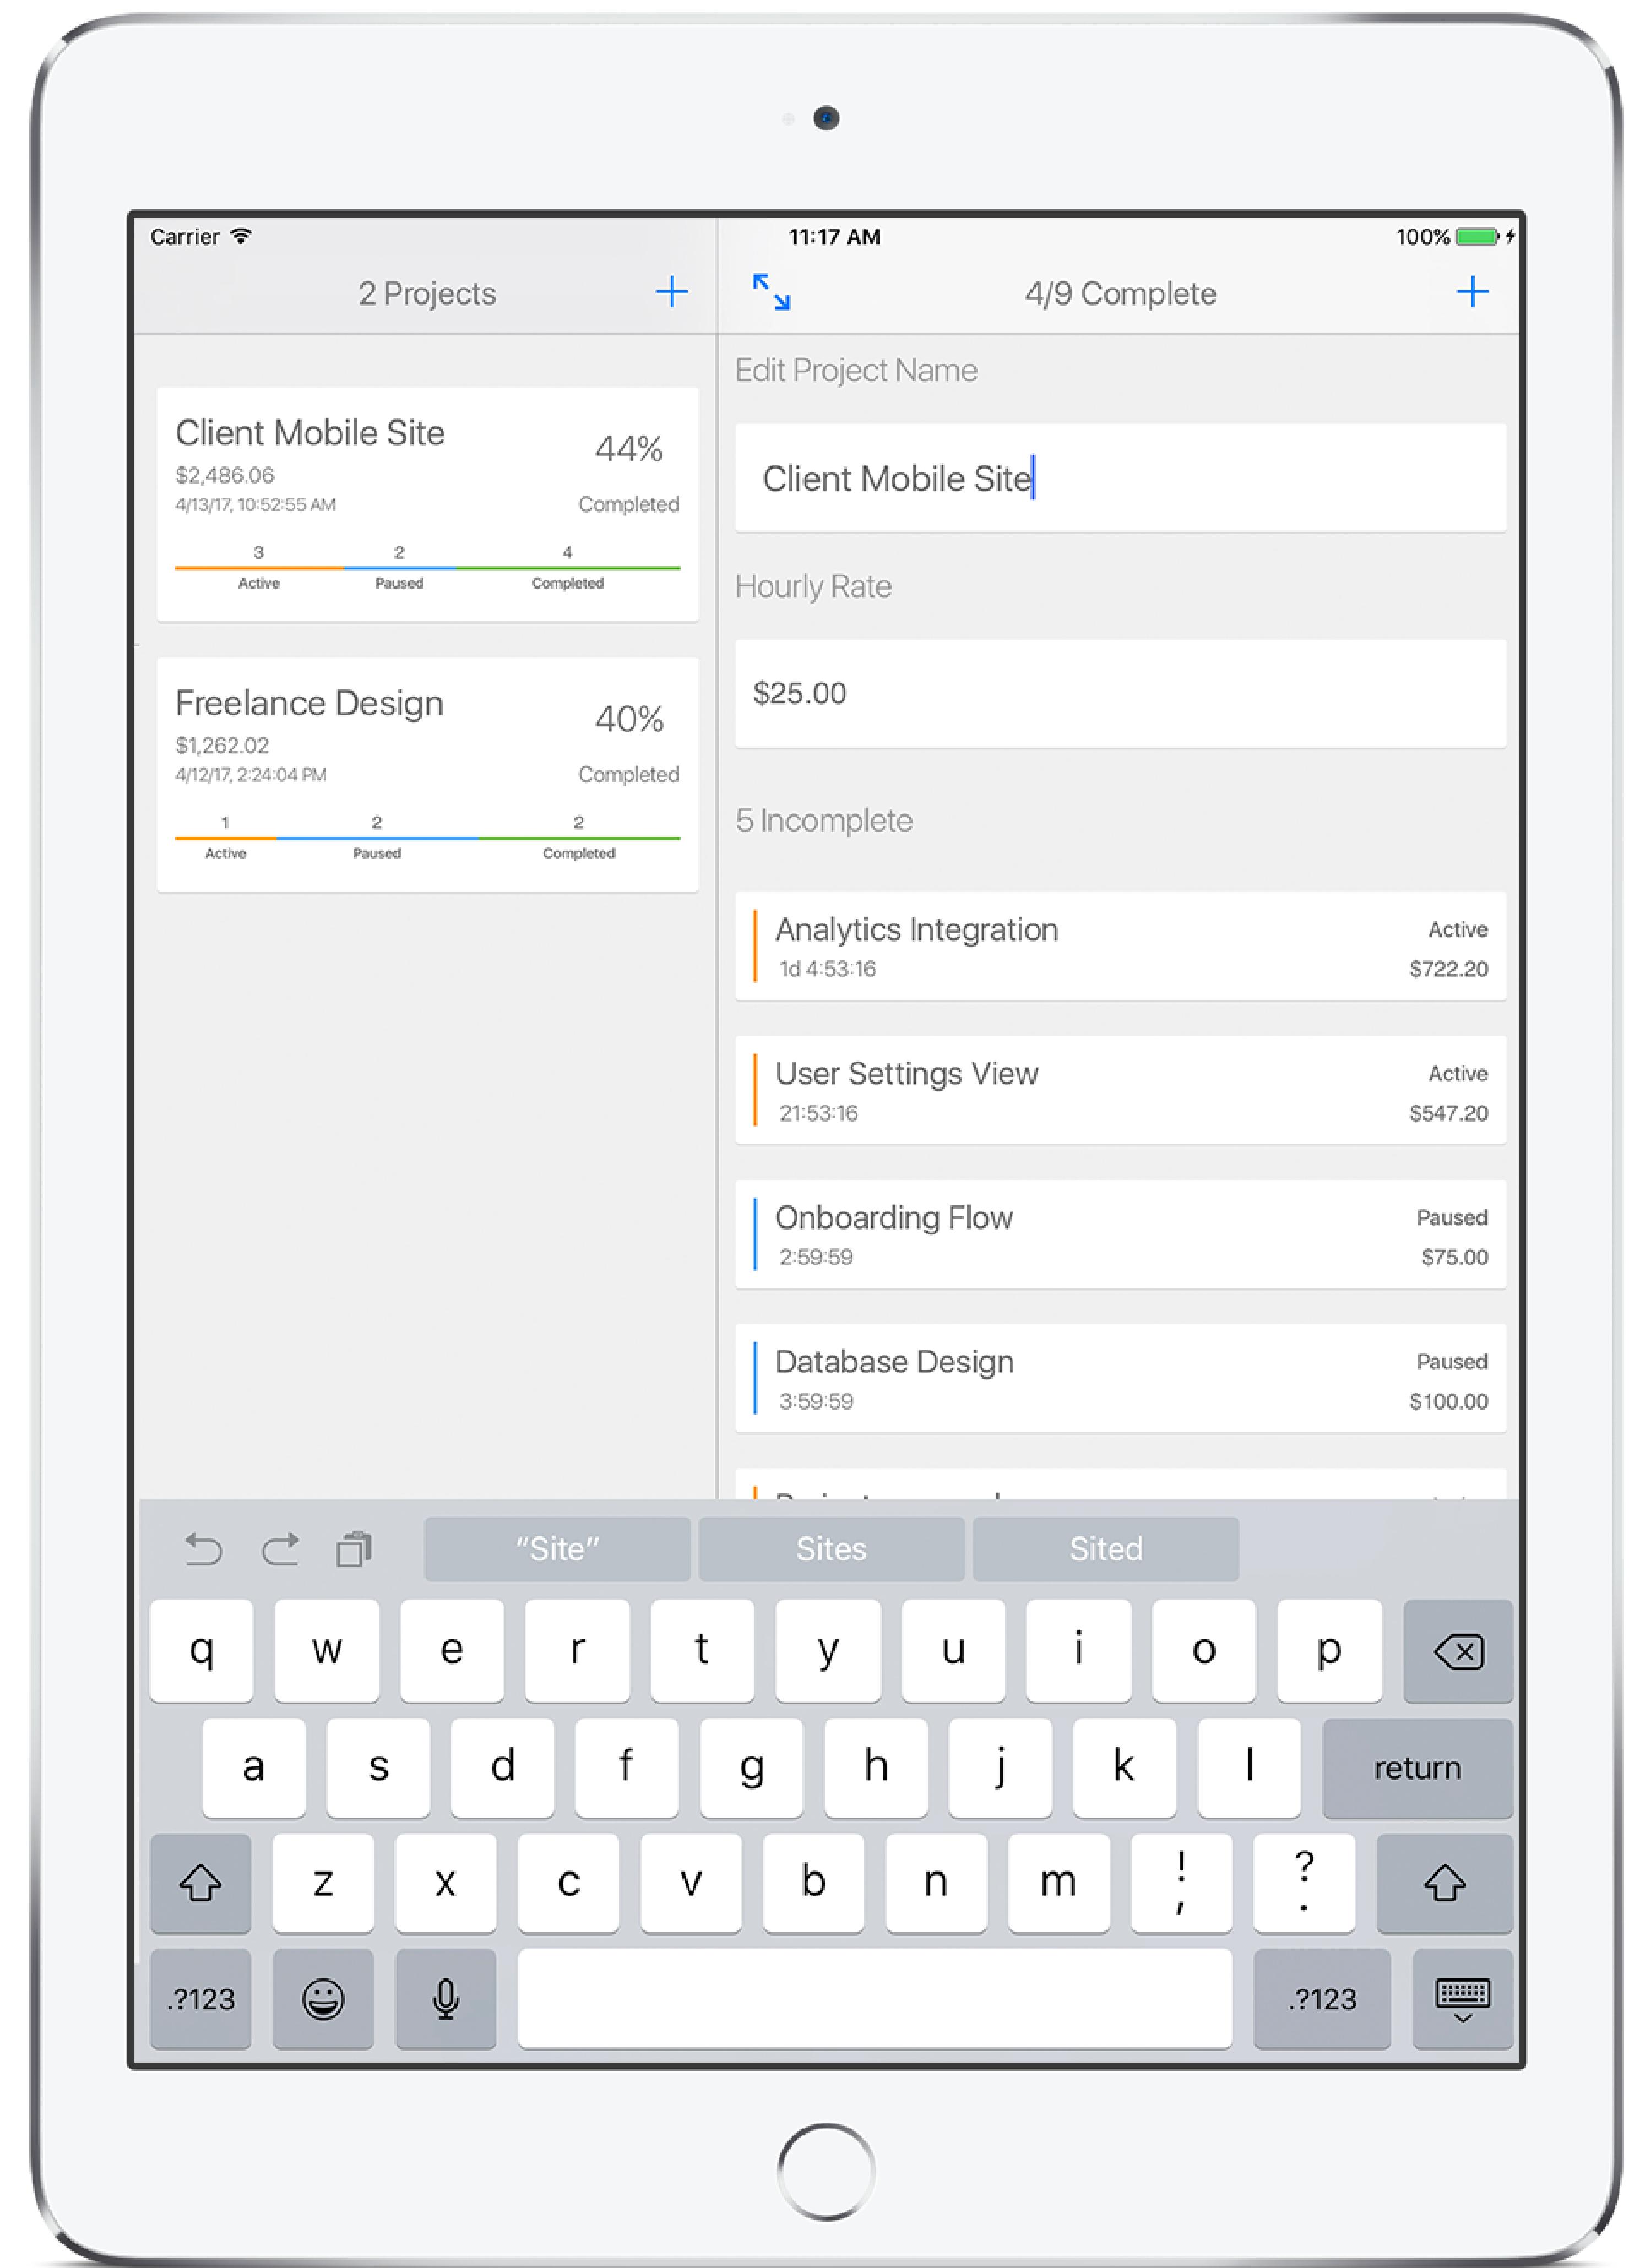

You can have an unlimited amount of tasks in any state

< Task Browser

Each task shows the color representing it's status & current billable hours (if an hourly rate is set)

- Unstarted
- Active (Billable Hours)
- Paused
- Completed

Project Settings

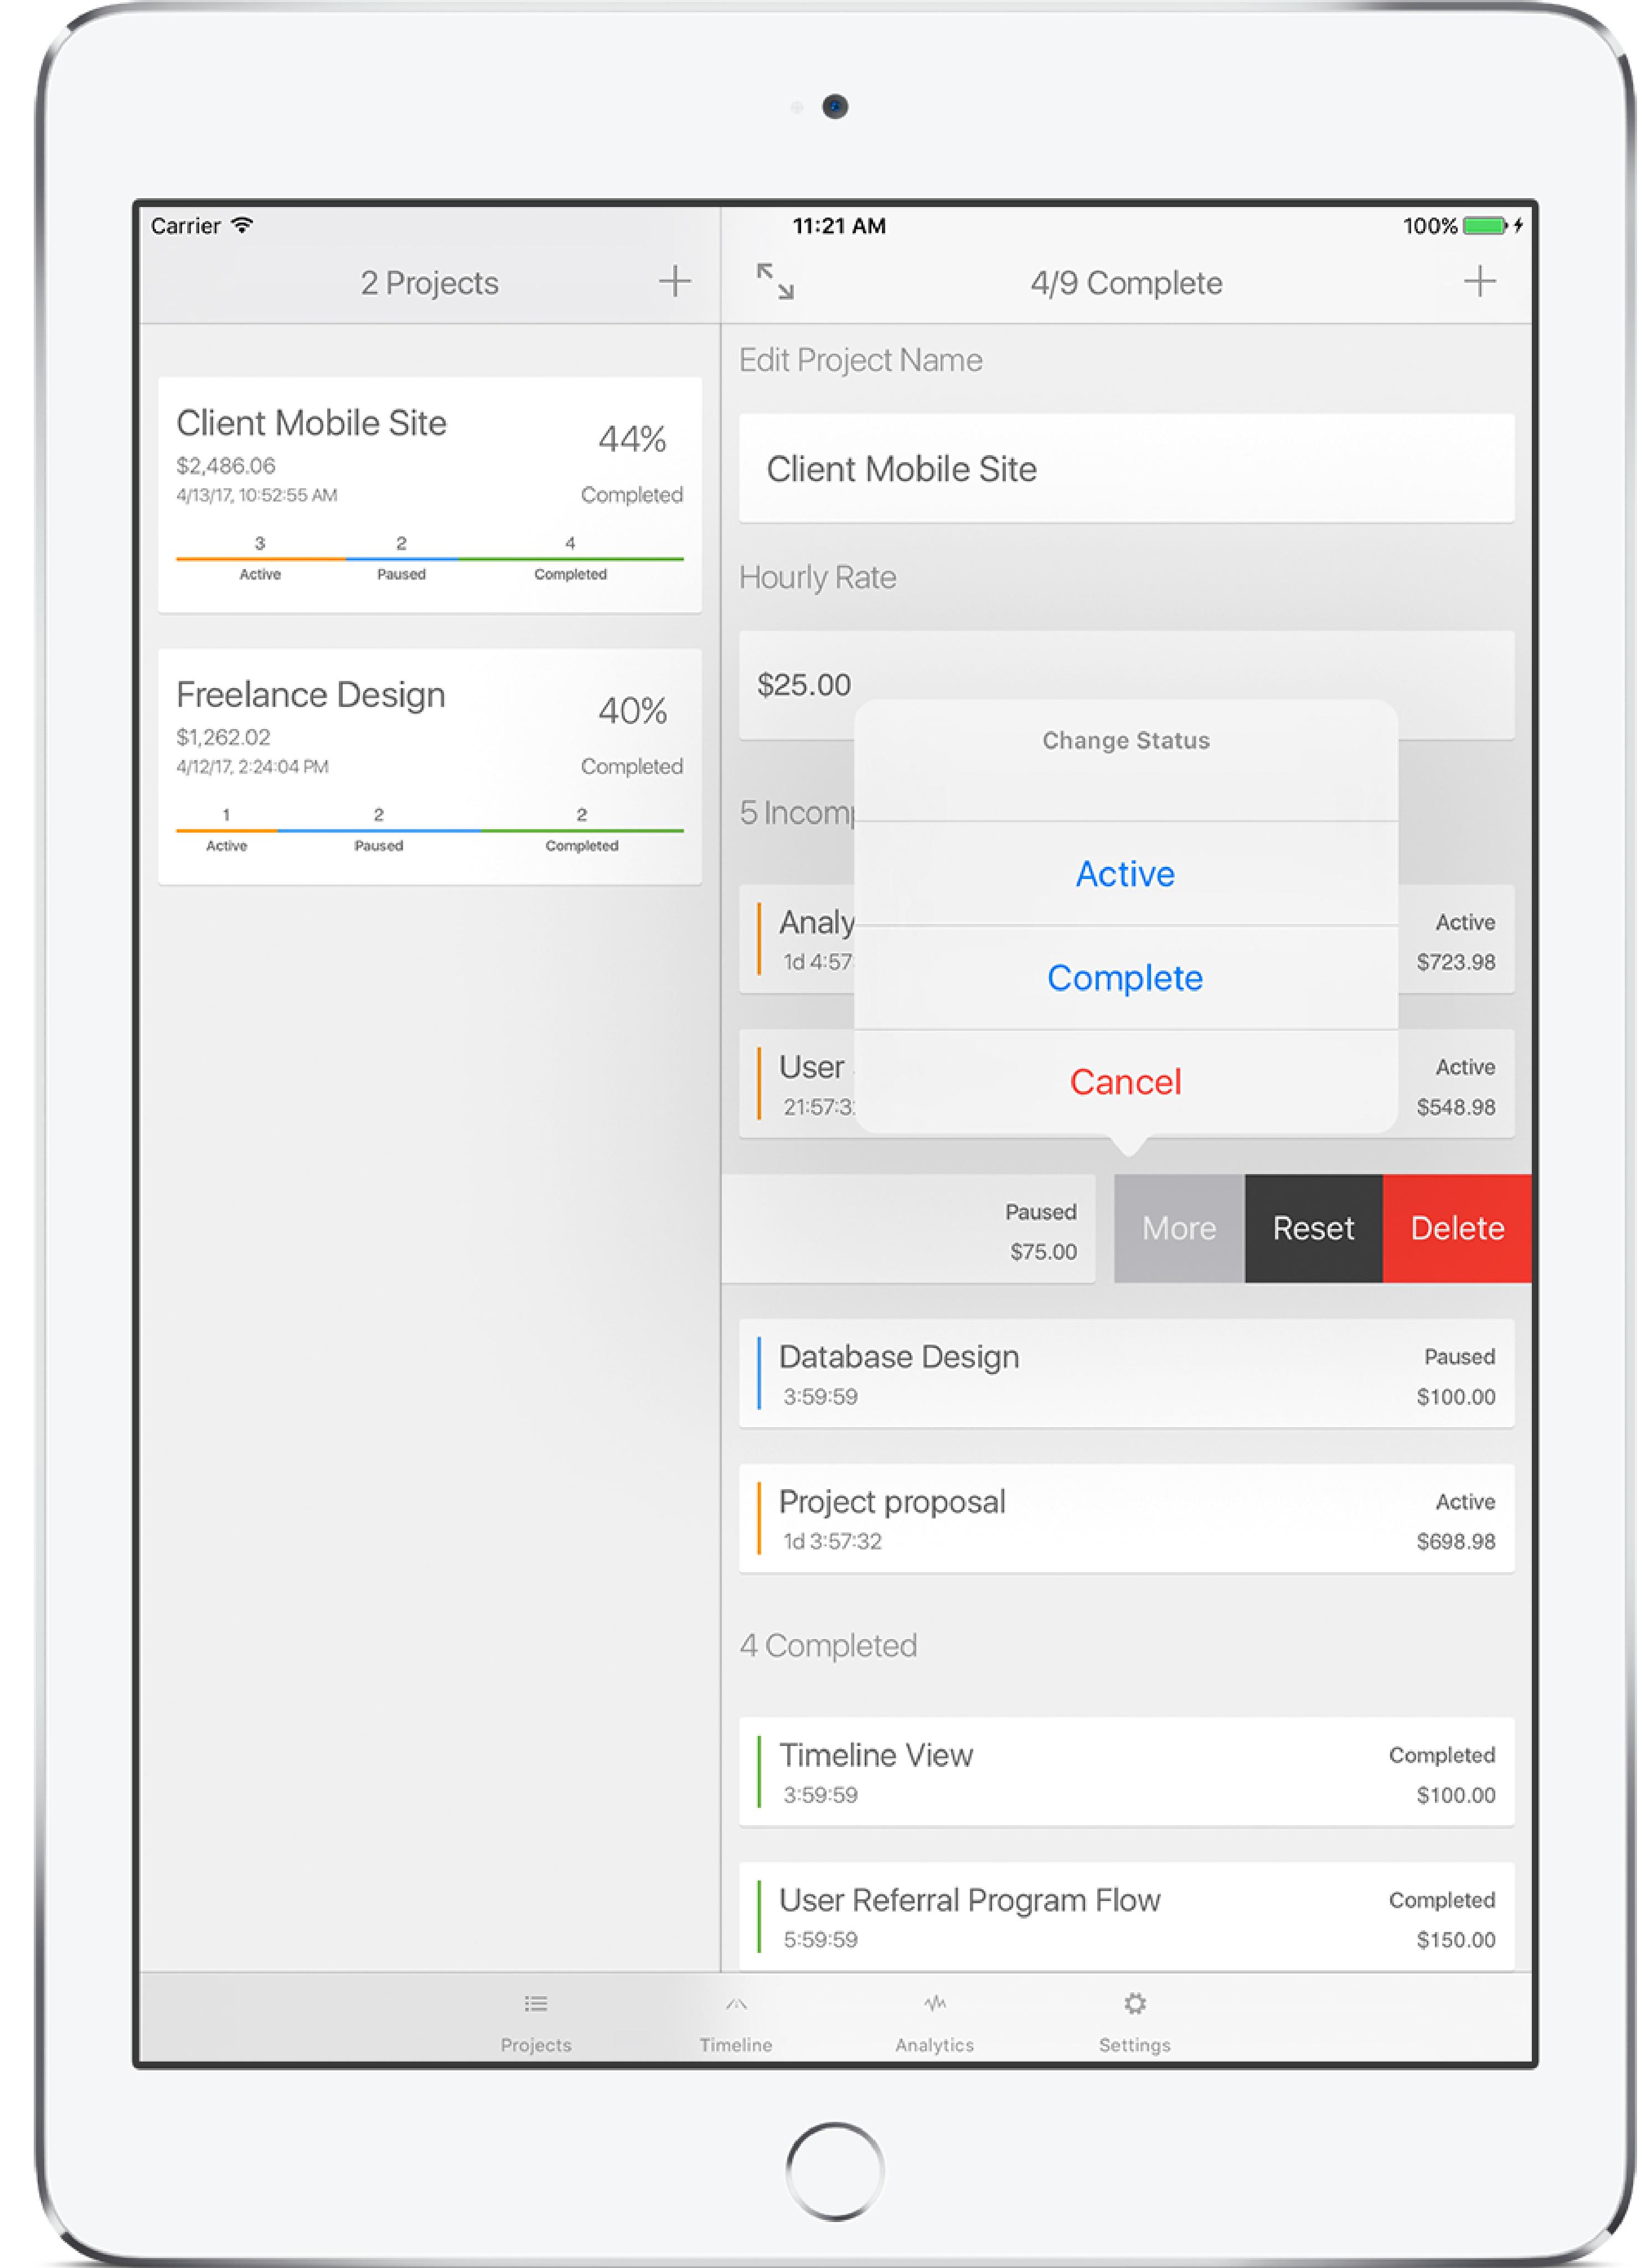

Add
Task

Rename
Project
Or Set
Hourly
Rate

Keep tasks simple with one discrete item to complete
This allows you to analyze how long each task takes

Managing Tasks

Swipe To
Remove
Or Update
A Task's
Status >

Choose
More
< To Change
Task
Status

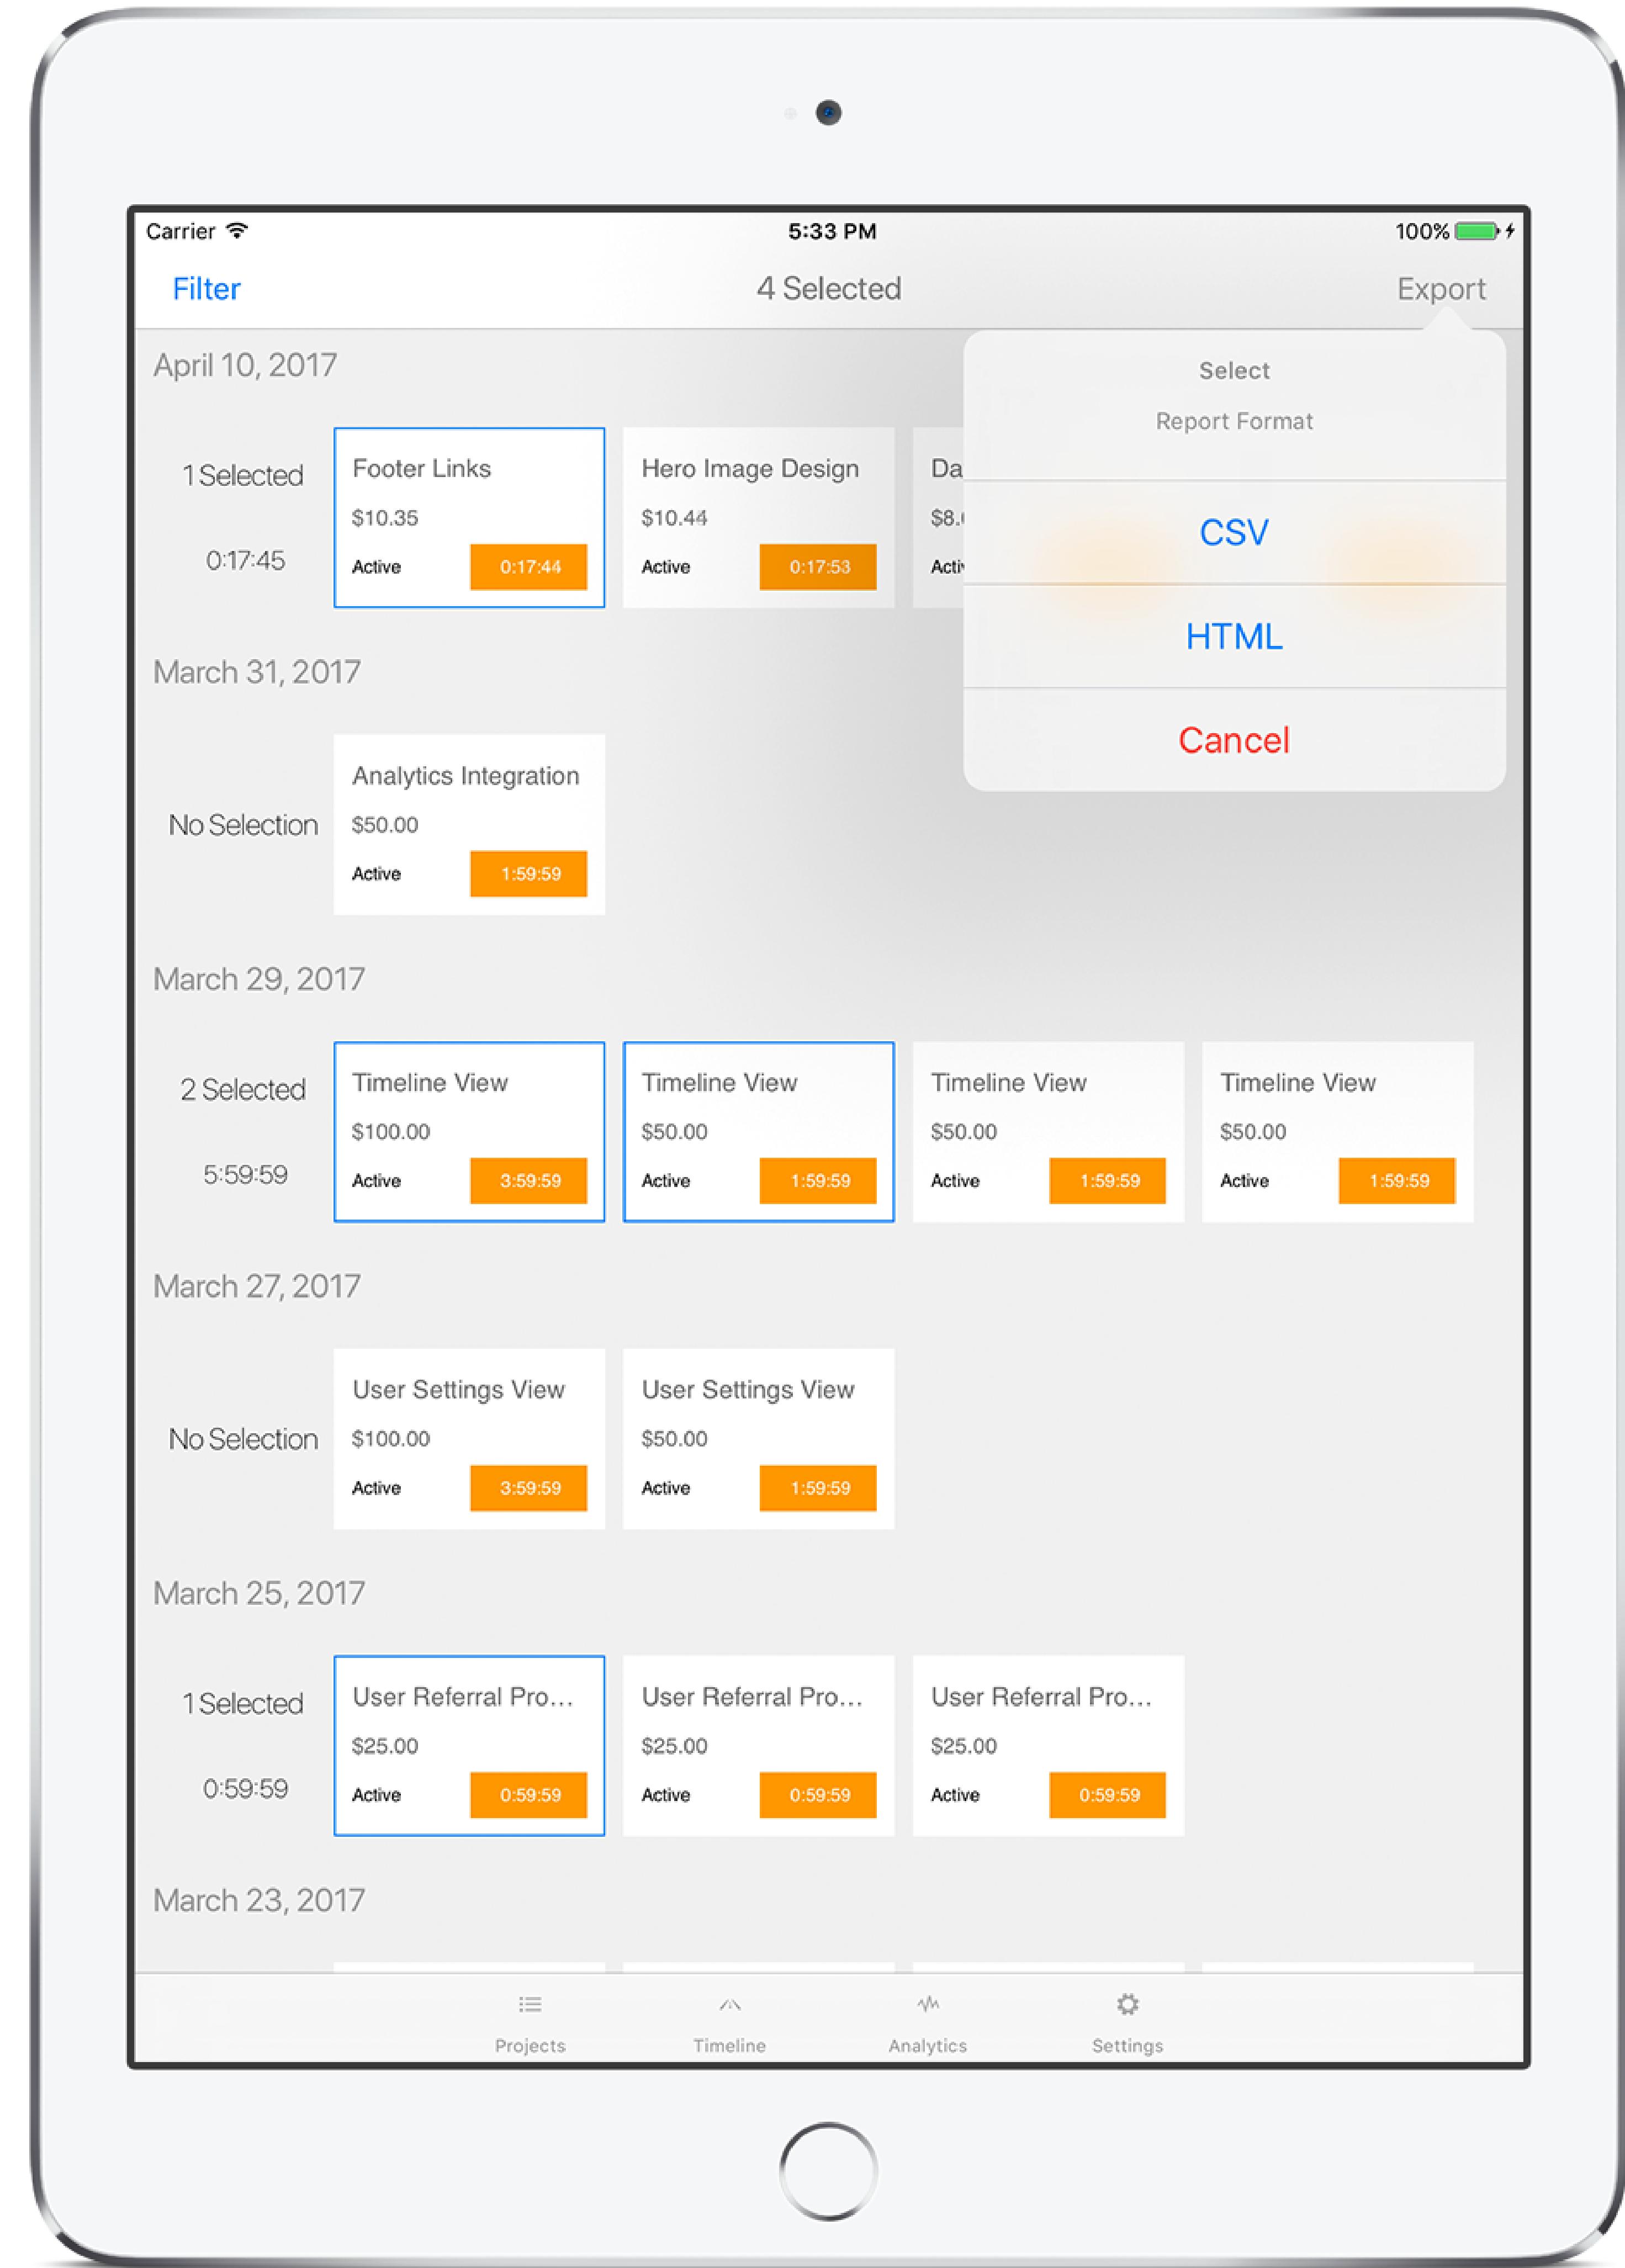

You can have an unlimited number of active tasks.
When an hourly rate is set each active task
counts towards your projects total billable hours

Showing Your Work

Only Billable
Hours Are Shown
By Default
Use Filter To
Show All Times

Select
Hours
To Include
In Report

Choose A
Format For
Report
(HTML or CSV)

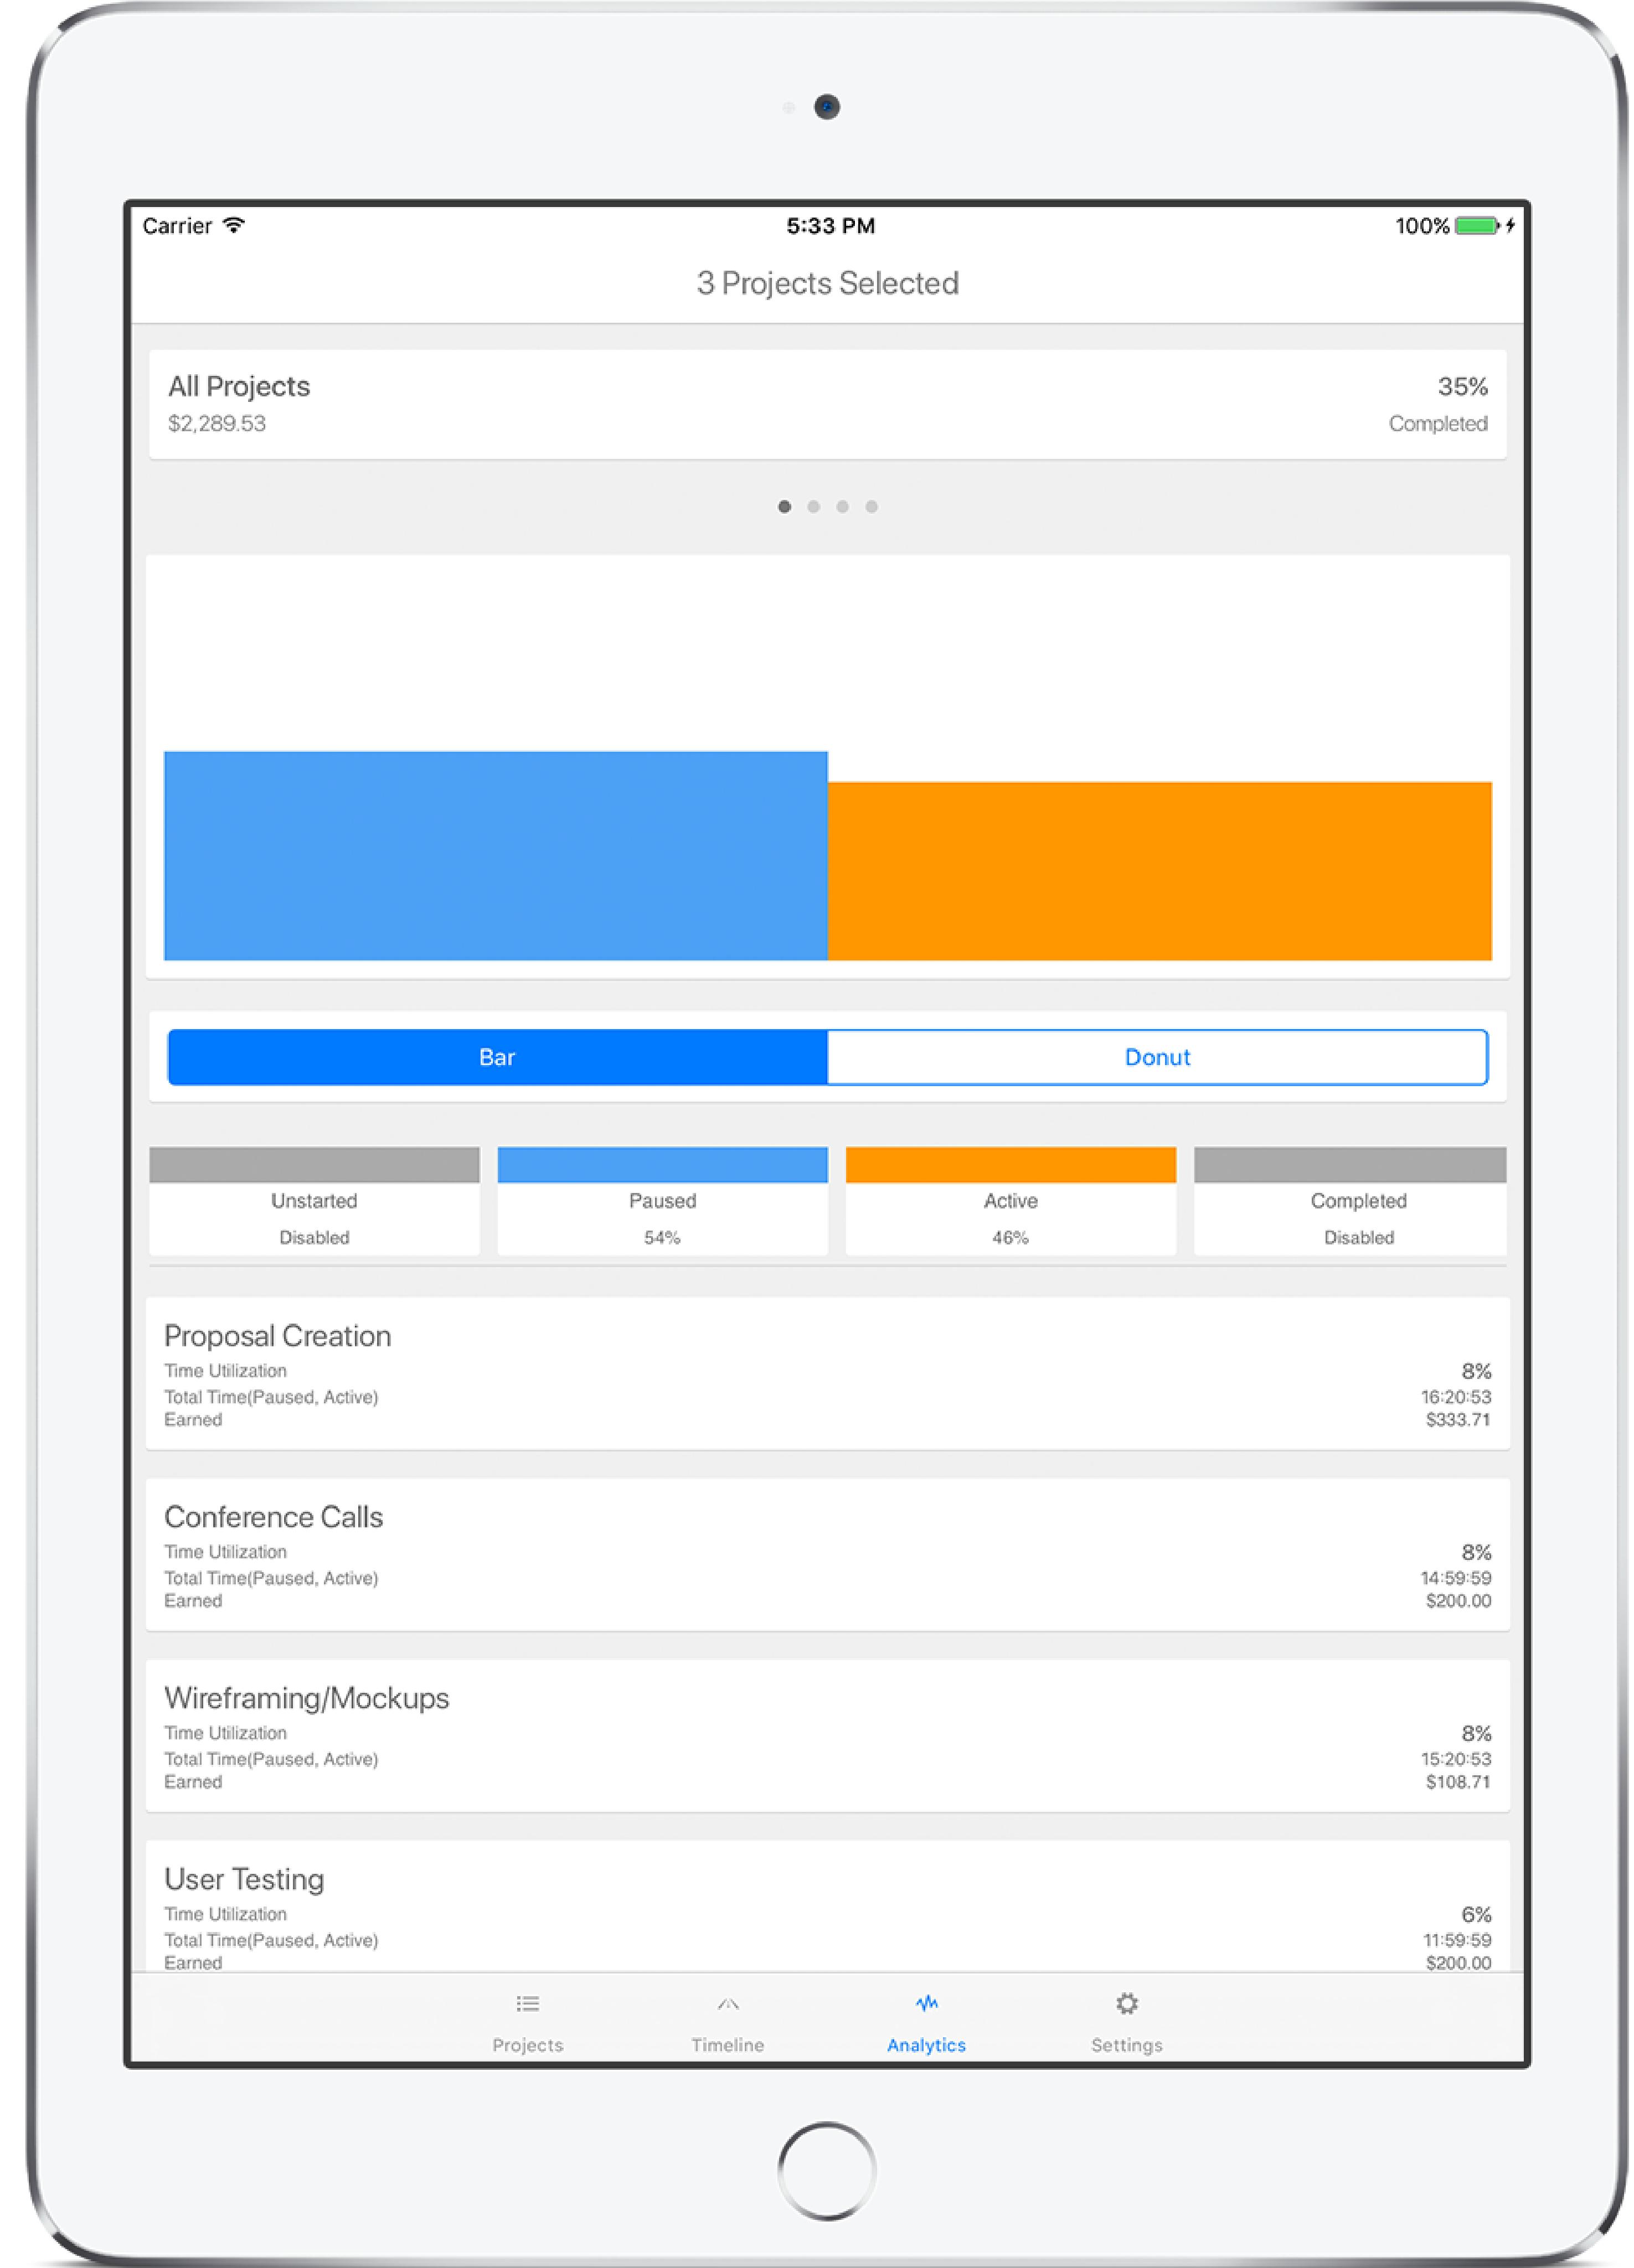

Generate status reports from any of your projects.
You choose what to include, then just pick a format to export.
Hourly Rates Applied Automatically To Each **Active** Task.

Analyzing Time Usage

Select
Project To >
Analyze

Interactively
Display >
Time
Utilization

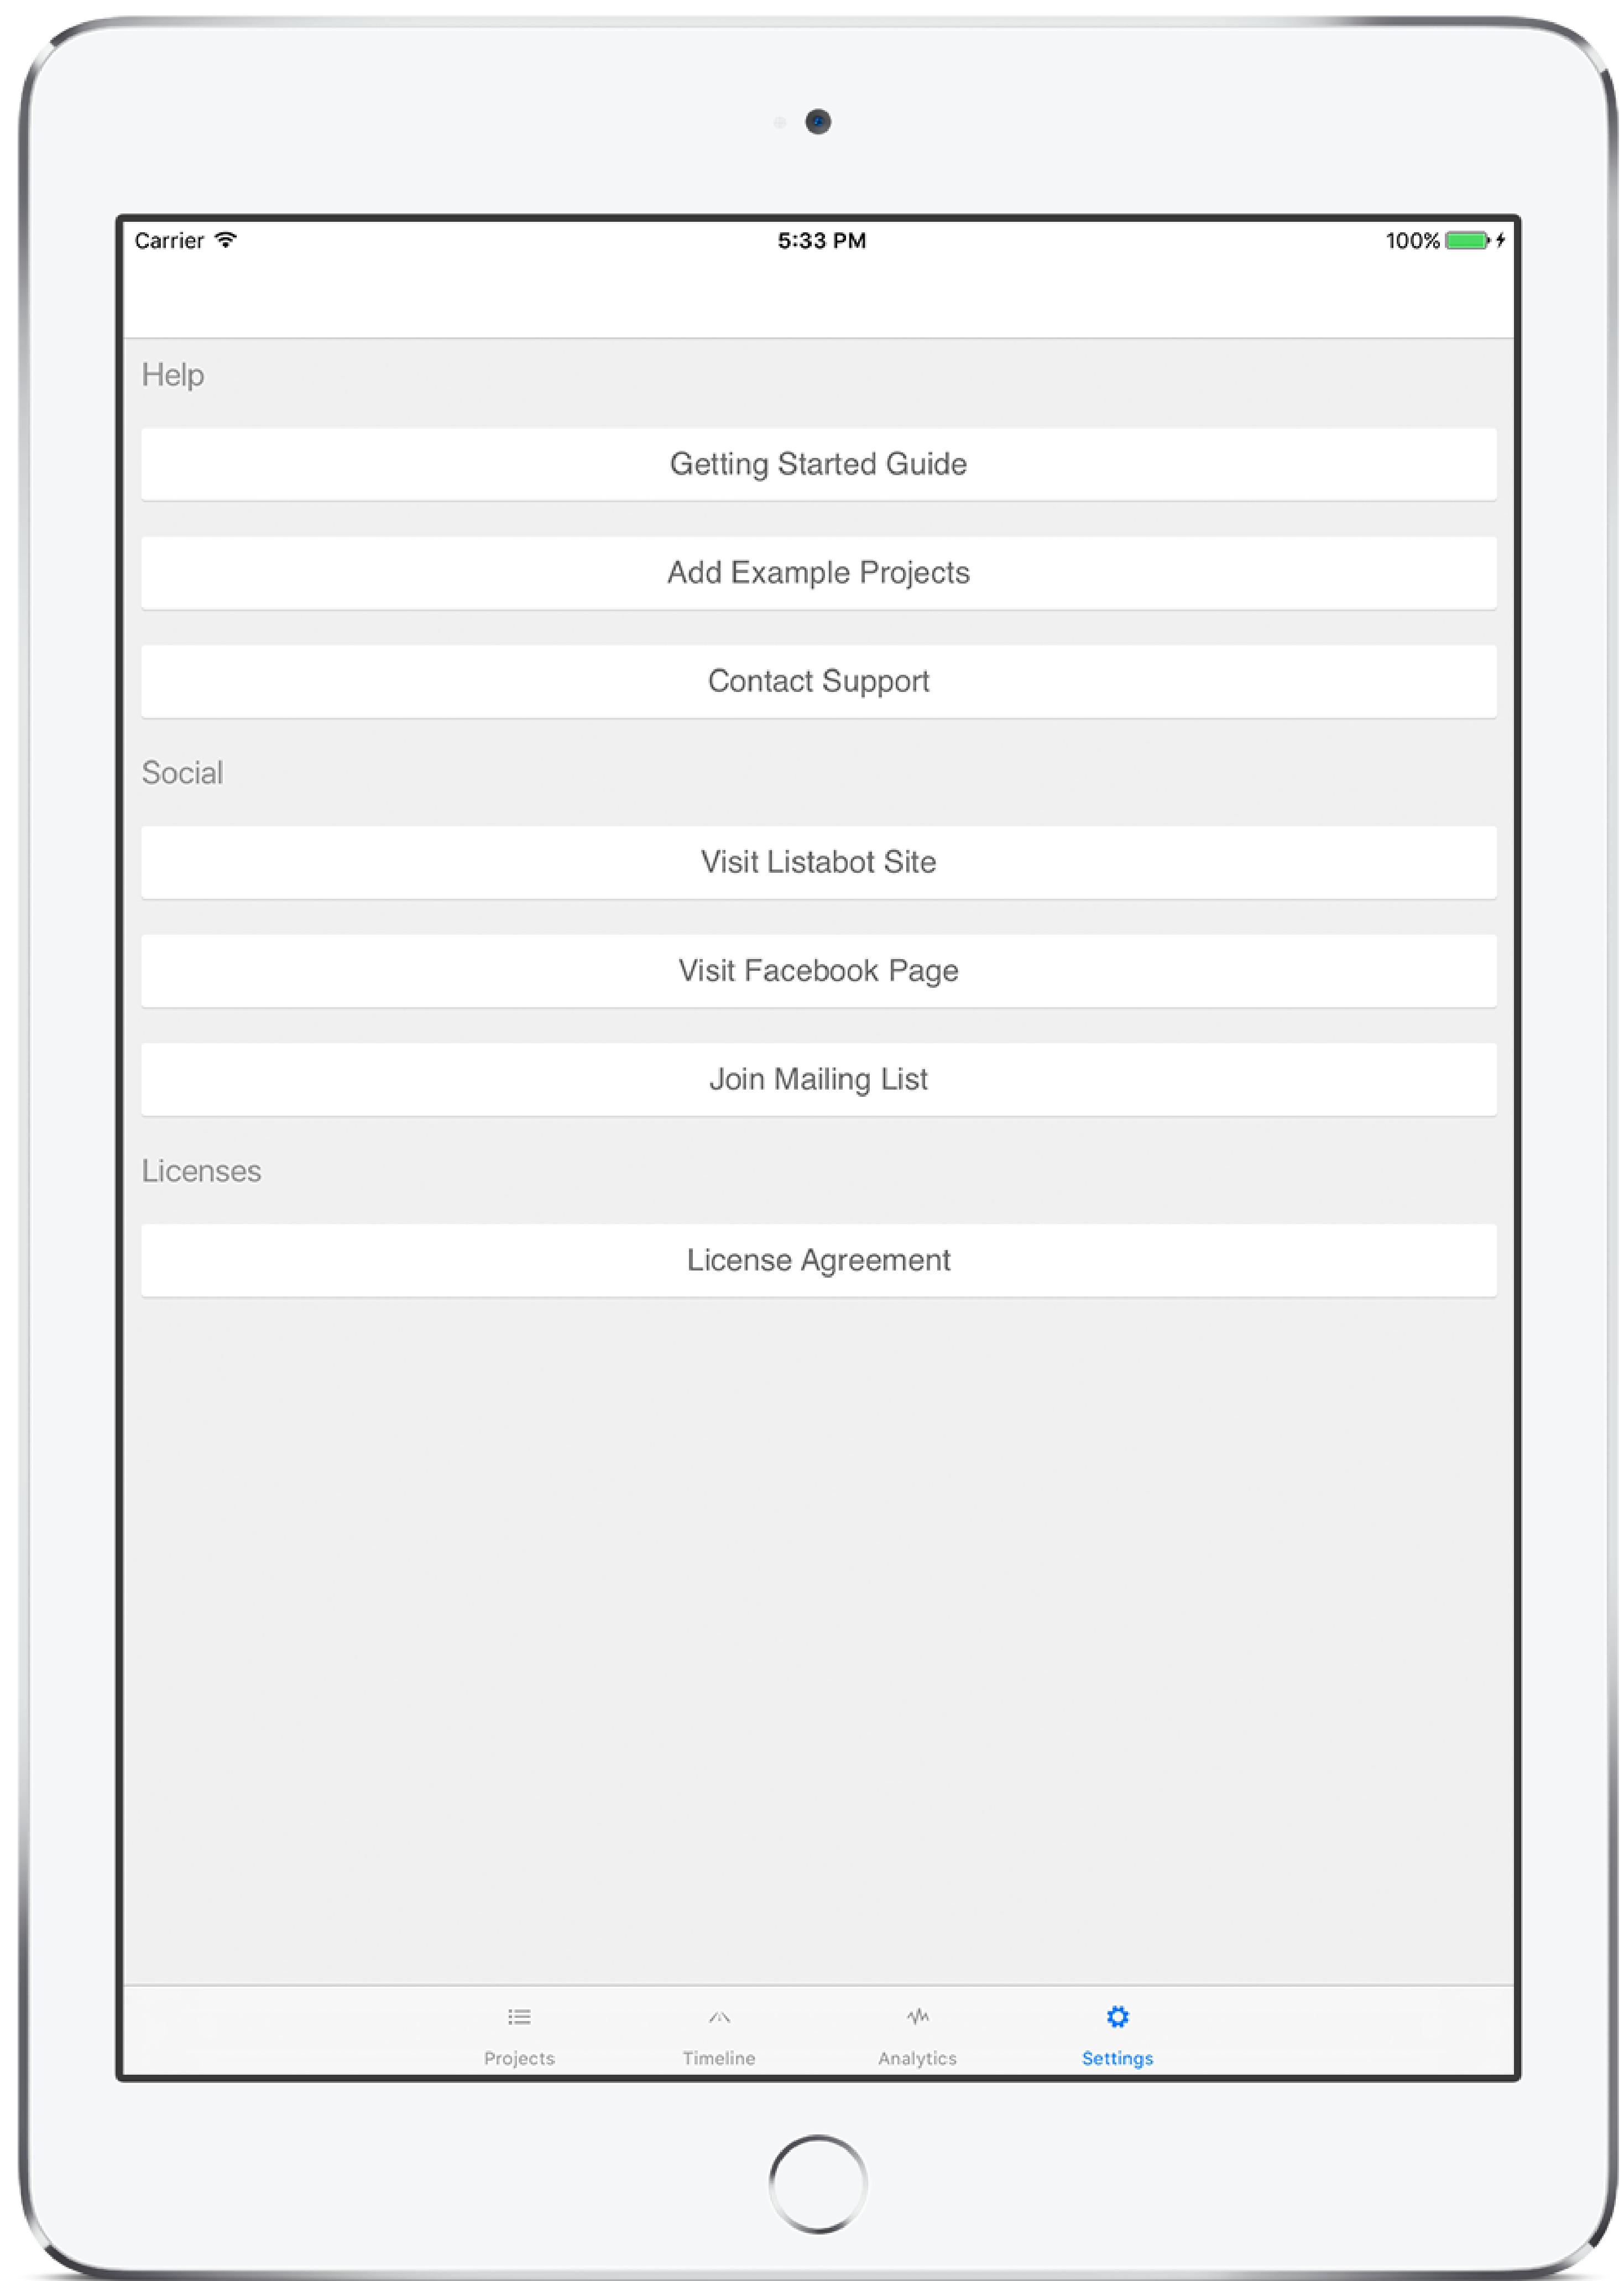

< Real-Time
Charts

< Per-Task
Break Down

Take the guesswork out of creating project estimates.
Use historical data to help you determine how long a task should take.
