

Listabot

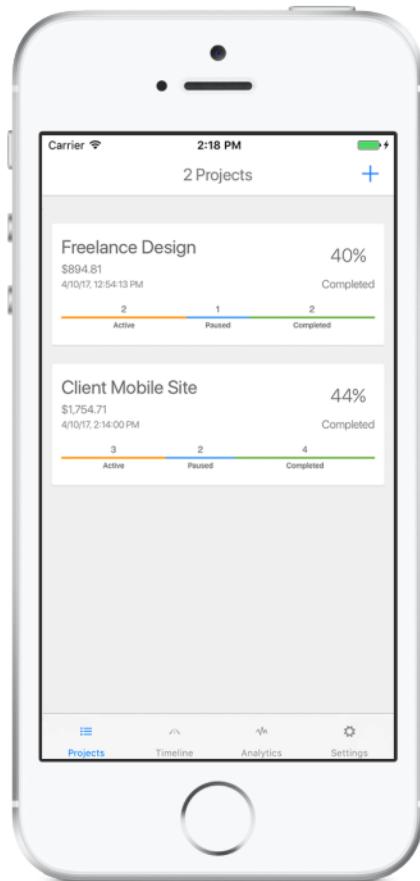

Track Tasks Across Multiple Projects.
Interactively Analyze Time Usage.
Generate Time Usage Reports.

Setting Up Your Project

Project
Overview >

Status
Timeline >

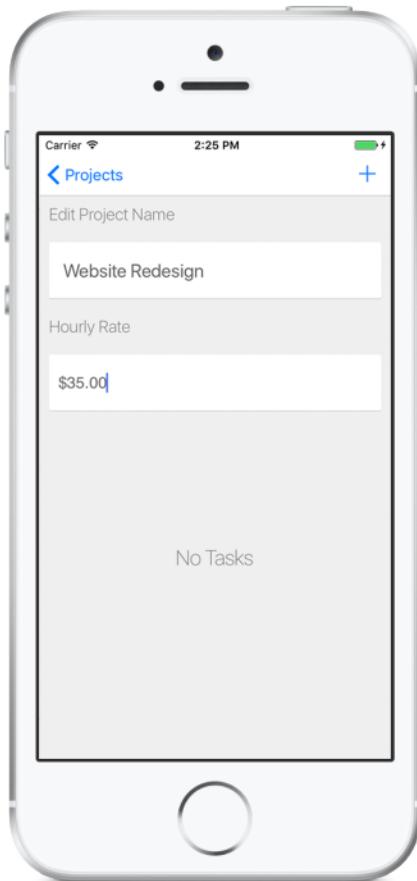

The timeline shows
the status of every
task in your project.
Don't stop all your
tasks are green!

Swipe to remove a project,
or tap to edit project settings or view its tasks

Creating Tasks

Rename Project

Add Task

Set Hourly Rate For Project

Hourly rate isn't required & its fully interactive

Try changing this value and make sure you are charging a

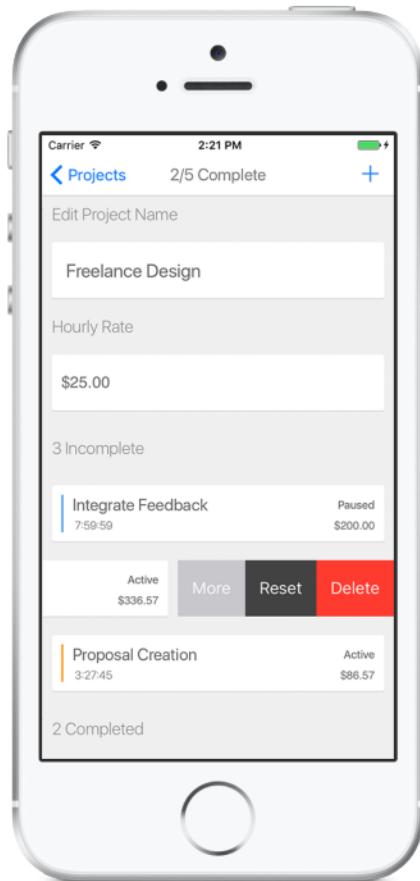

Keep tasks simple with one discrete item to complete
Doing this allows you to analyze how long each task takes

Managing Tasks

Task Browser

Each task shows the color representing it's status & current billable hours (if an hourly rate is set)

- Unstarted
- Active(Billable)
- Paused
- Completed

Choose
More
To Change
Task
Status

You can have an unlimited number of active tasks.

When an hourly rate is set each active task counts towards your projects total billable hours

Showing Your Work

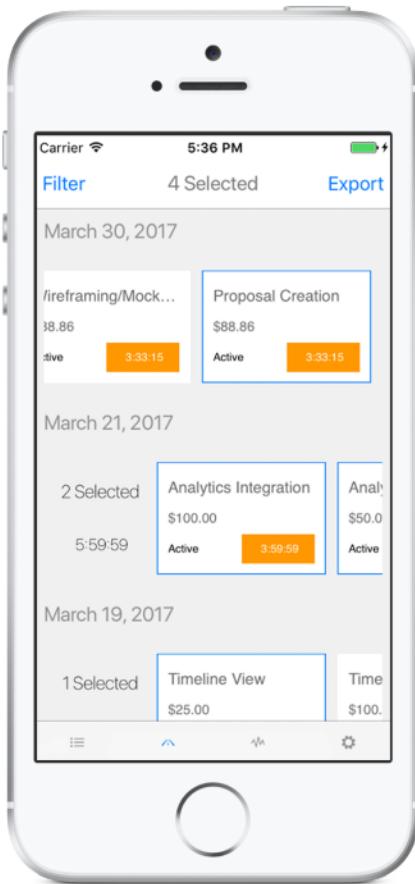

Filter The Updates To Show

By default only the billable (Active) times are shown

Cherry-Pick Updates To Include In Report

The reports can be generated using tasks from any of your projects

Quickly Export Invoice (HTML or CSV)

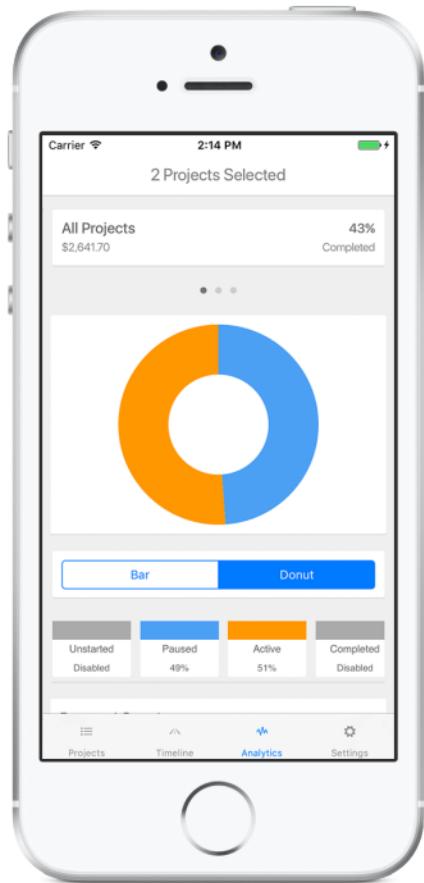

Generate status reports from any of your projects.
You choose what to include, then just pick a format to export.
Hourly Rates Applied Automatically To Each **Active** Task.

Analyzing Time Usage

Select Project To Analyze >

By default you'll see all project data, just swipe to analyze each individual project

Interactively Display Time Utilization >

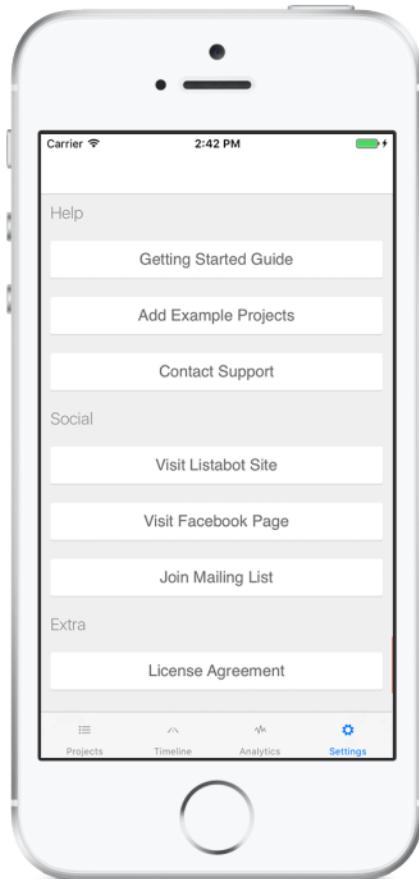

Real-Time Charts <

Try toggling the Unstarted times or Paused times to see if you are wasting time that you could be billing for instead

Take the guesswork out of creating project estimates.
Use historical data to help you determine how long a task should take.
